## Work Experience

### Web Developer

- 2003 – Present
- I've built numerous websites, ranging from static ones, e.g. for experience events, to websites managed in WordPress, to complex e-shops.

### Administration of Experience Events

- 2019 – Present
- I manage several Igroup experience games as an administrator, i.e. I deal all the communication with participants, create and organize various tables, collect feedback and create posts on social networks.

### Front-end Developer, Layout Designer and Support at Mailprofler Development s.r.o.

- Oct 2017 – Present | Liberec, Winterthur
- In my current job, I work graphic designer, front-end and back-end developer of web pages (HTML, CSS, PHP, JavaScript, Laravel, Bootstrap, MySQL, PostgreSQL, Oracle). I create and manage e-shops. I implement the application of customer requirements with an emphasis on pixel perfection. I create layouts for mailshots. My specialization is HTML for e-mails and MJML. I work with Git, JIRA, Confluence, YouTrack, Redmine. For writing code I use Netbeans or VisualStudio.

### Web and App Developer, Photographer, DTP Graphic Designer for Církev československá husitská

- Sep 2011 – Sep 2017
- I created various tools for the needs of the employer, whether it was an application for recording working hours, an organization's website, print preparation for posters or even books. I have also worked as a photographer and have extensive experience in the post production of images.

### Pastoral Worker for Církev československá husitská

- Sep 2011 – Sep 2017 | Prague, Hradec Králové, Červený Kostelec, Chlumec nad Cidlinou, Liberec
- I worked as a clergyman in various positions from pastoral assistant to parish priest in the regional town. I did all the administrative work, went on pastoral visits, volunteered in nursing homes and hospitals.
